PREFACE

The Church of Jesus Christ of Latter-day Saints, commonly referred to as the Mormon Church, was organized in Fayette, New York on 6 April 1830 by Joseph Smith, Jr. and several of his initial followers, following a series of religious visions and the publication of the *Book of Mormon*. By 1831 the Church had established itself in Ohio and Missouri and, following much persecution, from 1839 to 1846 in Nauvoo, Illinois. In June 1844 Joseph Smith and his brother Hyrum were murdered by a mob in Carthage, Illinois. In 1846, under the leadership of Brigham Young, the majority of the Church began their epic trek to the valley of the Great Salt Lake, arriving in what would become the State of Utah in July 1847. Before Brigham Young's death in 1877, over 350 communities were established in the Great Basin; about another 100 were established after 1877, in such areas as southern Alberta Canada and in northern Mexico.

Many of these were colonized by the large number of people converted by Mormon missionaries, particularly from the British Isles and Scandinavia (some 80,000 just from these areas). Today Mormons are found throughout the world, with a total membership of over eight million (October 1993). The movement has more than doubled its membership every decade in the 20th century, making it one of the fastest growing religions in the world. As an American and a world religion, the Mormon Church is a fascinating topic for serious study. Its members have been record-keepers from its earliest days and thus it is one of the most richly documented American-born religions. This selected bibliography seeks to provide a basic guide to the more important studies of the history of the LDS Church, the majority of which are available in the British Library.

The main academic, peer-reviewed periodicals containing articles on Mormon History include *BYU Studies*, *Dialogue*, *Journal of Mormon History*, *Utah Historical Quarterly*, and the *John Whitmer Historical Association Journal*. An important contemporary magazine containing articles representing a variety of points-of-view, but focused on Mormon history and society is *Sunstone*. Professional associations include the Mormon History Association; the John Whitmer Historical Association; and the Association for Mormon Letters. Each publishes a journal or annual, holds annual conferences and publishes a newsletter. In addition, more regional associations focusing on Mormon history and culture are emerging; organizations in Canada, Hawaii and Australia are recent examples.

Other, more official publications include the official monthly magazine for adults, *The Ensign of the Church of Jesus Christ of Latter-day Saints* [Salt Lake City, 1971-]; it was preceded by *The Improvement Era* [1898-1970]. One of the most important publications was the *LDS Millennial Star* published in England from 1840 to 1970, although its content is more important historically for the nineteenth-century when it provided a voice and forum for Mormon missions throughout the world. (British Library Newspaper Library, Colindale). A useful guide to the other Mormon publications is Joseph Sudweeks, *Discontinued LDS Periodicals* (Provo, UT: Brigham Young University Press, 1955).

MORMON THOUGHT

The best place to begin is with the official publications of the Church; particularly useful are the official reports of conference addresses by Church leaders: *Journal of Discourses*, 26 Vols. (Liverpool and Salt Lake City, 1854-1886) (PP. 861); and *Conference Reports*, issued generally twice per year since 1898. A compilation of the official statements of the First Presidency of the Church to 1952 is James R. Clark, *The Messages of the First Presidency* 6 Vols. (Salt Lake City, UT: Bookcraft. 1965-1975). A useful guide to the mostly unofficial publications of the General Authorities of the Church is Gary Gillum, "Out of the Book Which Shall Be Written," *Dialogue* 12 (Summer 1979):99-123. (Boston Spa) An important study of the themes of the General Conferences of the Church (held in April and October of each year) as indices to change in the Church is Gordon Shepherd and Gary Shepherd, *A Kingdom Transformed, Themes in the Development of Mormonism* (Urbana, IL: University of Illinois Press, 1984). (X.(200/45821))

No one can address the topic of Mormon doctrine without seriously considering the sermons and writings of Joseph Smith. Dean C. Jessee has studied and professionally edited the most important Joseph Smith manuscripts and sources:

1. "The Early Accounts of Joseph Smith's First Vision," *BYU Studies* 9 (Spring 1969):275-94. (P.521/1793)
2. "The Original Book of Mormon Manuscript," *BYU Studies* 10 (Spring 1970):259-78. (P.521/1793)
3. "The Writing of Joseph Smith's History," *BYU Studies* 11 (Summer 1971):439-73. (P.521/1793)
4. "The Reliability of Joseph Smith's History," *Journal of Mormon History* 3 (1976):23-46. (Boston Spa)
5. "Return to Carthage: Writing the History of Joseph Smith's Martyrdom," *Journal of Mormon History* 8 (1981):3-19. (Boston Spa)
6. *The Personal Writings of Joseph Smith*. (Salt Lake City, UT: Deseret Book, 1984). (YA. 1989.b.6089)
7. *The Papers of Joseph Smith*. (Salt Lake City, UT: Deseret Book, 1989-). Two volumes have appeared so far in what will be the definitive scholarly edition.

Other works of importance include *The Words of Joseph Smith: The Contemporary Accounts of Nauvoo Discourses of the Prophet Joseph*. Compiled and edited by Andrew F. Ehat and Lyndon W. Cook (Provo, UT: Religious Studies Center, Brigham Young University, 1980); Truman C. Madsen, ed., *The Concordance of the Doctrinal Statements of Joseph Smith*. (Salt Lake City, UT:

I.E.S. Publishing, 1985); *The Lectures on Faith in Historical Perspective*. Eds. Larry E. Dahl and Charles D. Tate, Jr. (Provo, UT: Religious Studies Center, Brigham Young University, 1990). The important King Follett Discourse by Joseph Smith (7 June 1844) is the subject of several essays in *BYU Studies* 18 (Winter 1978). (P.521/1793) The most cited summary of

LDS beliefs is studied in David J. Whittaker, "The 'Articles of Faith' in Early Mormon Literature and Thought," in *New Views of Mormon History* edited by Bitton and Beecher (1987), pp. 63-92. (YA.1990.b. 1820)

About one third of Brigham Young's known discourses (ca. 1000) are available in the *Journal of Discourses*. The rest have been assembled in Eldon J. Watson, ed., *Brigham Young Addresses*. 6 Vols. (Salt Lake City: by the compiler, 1979-1984). See also Dean C. Jessee, "The Writings of Brigham Young," *Western Historical Quarterly* 4 (June 1973):273-94 (P.701/404); and Ronald W. Walker and Ronald K. Esplin, "Brigham Himself: A Autobiographical Recollection," *Journal of Mormon History* 4 (1977):19-34. (Boston Spa)

All the Presidents of the LDS Church have had books compiled from their writings and sermons.

The first attempt to synthesize Mormon thought was Parley P. Pratt, *A Voice of Warning*. (New York: Sanford, 1837). Especially influential works include Parley P. Pratt, *Key to the Science of Theology*. (1855); James E. Talmage, *Articles of Faith*. (1898, and still in print); and Bruce R. McConkie, *Mormon Doctrine*. (1958; 2nd edition, 1966). The serious student will wish to study the writings of key thinkers who have tried to define and analyze LDS doctrines; they include Parley P. Pratt, Orson Pratt, George Q. Cannon, B.H. Roberts, James E. Talmage, E.E. Erickson, John A. Widtsoe, Lowell Bennion, Joseph Fielding Smith, J. Reuben Clark, Bruce R. McConkie, Leonard J. Arrington, and Hugh W. Nibley to mention only the most prominent. An especially valuable project, gathering the published and unpublished writings of one of the most important Mormon intellectuals working today, is *The Collected Works of Hugh Nibley*. 13 volumes-to-date (Salt Lake City, UT: Deseret Book and the Foundation for Ancient Research and Mormon Studies, 1985-).

THE BOOK IN MORMONISM

The most complete guide to the first one hundred years of official and unofficial Mormon publications is Chad J. Flake, *A Mormon Bibliography, 1830-1930: Books, Pamphlets, Periodicals, and Broadsides Relating to the First Century of Mormonism*. (Salt Lake City, UT: University of Utah Press, 1978). (1(805/2060) A ten-year supplement appeared in 1989: Chad J. Flake and Larry W. Draper, *A Mormon Bibliography, 1830-1930, Ten Year Supplement*. (Salt Lake City, UT: University of Utah Press) (2725g.¹⁶¹⁶); and a title index to both volumes was issued in 1992 by the same press. The same authors are currently working on a bibliography of the periodical literature on Mormonism for the first one hundred years.
